• Letter of Support for WLUX-LP's Petition for Reconsideration on Docket 06-77.

Dear FCC,

I would like to express my opposition to the FCC's policy of giving lower priority to Low Power radio stations. Apart from being unfair, retaining the power to remove a local radio station from the airwaves to make room for commercial broadcast has a chilling effect on the right to free speech.

Low Power stations, Bloomington Indiana's WLUX in particular, serve a valuable purpose to the communities in which they broadcast, and local programming, whether Low Power or Class A, should have an equal right to continue to broadcast.

Sincerely,

Mollie Lauterback

Re: Docket 06-77

Federal Communications Commission
Attn: Office of the Secretary
445 12th St. SW
Washington DC 20554

Dear Sir or Madam:

I would like to express my opposition to the Federal Communication Commission policy of giving lower priority to Low Power radio stations. Apart from being unfair, retaining the power to remove a local radio station from the airwaves to make room for commercial broadcast has a chilling effect on the right to free speech.

Low Power stations, Bloomington Indiana's WIUX in particular, serve a valuable purpose to the communities in which they broadcast. Moreover, WIUX serves to educate those students of Indiana University, Bloomington interested in broadcasting. Local programming, whether Low Power or Class A, should have an equal right to continue to broadcast.

Regards,
